

Huntington Town Center Walk Audit

**Tuesday, April 25 from 4-6PM
Meet at Stanton Hall at 4pm**

WHAT IS A WALK AUDIT?

A *walk audit* is a method used to study an area to determine the barriers to pedestrian and bicycle safety and to brainstorm possible solutions.

We will begin at Stanton Hall with a presentation about how our environment shapes walkability and pedestrian safety, and possible solutions within a rural small-town context. Then we will take a walk around the center of town and meet back at the Town Offices to share our observations and ideas.

Our presenter will be Stacey Beuttell from WalkBoston, who has experience working with small towns in Western Massachusetts to promote walkability and town center development.

WHO SHOULD ATTEND?

Town board and committee members
Business owners & agency representatives
Residents who love walking!

Draft Agenda

- 4:00: Welcome & Introductions (at Stanton Hall)
- 4:10: Presentation on how to design for walkability
- 4:30: Instructions on using the survey tool and map
- 4:40: Split into groups and walk around specified route
- 5:30-6:00 Debrief and discussion (at Town Offices)

Snacks and free water bottles will be offered.

Please RSVP! Email Helen Speckles at huntingtonsb@comcast.net or call (413) 667-3500
Presented by the Town of Huntington, Healthy Hampshire, and WalkBoston
